

Easy to Make This Pine Cough Remedy

Thousands of families sweet by its prompt remedy. Inexpensive, and saves about \$5.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose. Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain granulated sugar syrup. Nothing better, but why buy it? You can easily make it yourself in five minutes. To make the best pine cough remedy that money can buy, put 2½ ounces of Pinex (60 cents worth) in a pint bottle, and fill up with home-made sugar syrup. This gives you a full pint—more than you can buy ready-made for \$2.50. It is pure, good and very pleasant—children take it eagerly.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pinex and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pinex is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt results. Beware of substitutes. Ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

Stop Itching Eczema

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying a little zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, always use zemo, the penetrating antiseptic liquid. It is not a greasy ointment and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds. The E. W. Rose Co., Cleveland, O.

THREE AVIATORS FALL TO DEATH

Hicks Field Is Scene of Many
Accidents to Aviators in
Training.

Fort Worth, Tex., Feb. 14.—Three more fatalities, due to two separate crashes, were added yesterday to the lengthening roll of deaths at Hicks flying field, fifteen miles from Fort Worth. The dead are Lieut. Peyton C. March, son of the newly appointed acting chief of staff of the United States army; First Lieut. J. L. Wray, a native Canadian, but who had resided for years at Los Angeles, Cal., and Cadet Flyer R. Porter, of Long Island, N. Y.

Lieut. March fell 1,000 feet into the air at Hicks field Tuesday afternoon and died yesterday at the base hospital at Camp Bowie. Lieut. Wray, who was 32 years old, and Cadet Porter, 23, fell yesterday four miles from Hicks field. A party of cadets saw them plunge earthward and hurried to the scene, arriving only a few moments after the machine almost buried itself in the sod. The bodies of the two men, badly mangled, were pinned beneath the wreckage. How control was lost never will be fully known, but in yesterday's accident as well as March's accident Tuesday, each plane was seen to plunge into a nose dive, one of the most dangerous plights in which a flyer can be placed and which has caused most of the fatalities at the aviation camps about Fort Worth.

The mother and sister of Lieut. March are on their way to Fort Worth to take charge of the body.

CHANGES IN ROLL OF CONFEDERATE PENSIONERS

Seventeen Old Soldiers Added
to List of Those to Re-
ceive Aid.

Nashville, Feb. 14.—The state board of pension examiners has rendered a report to State Comptroller John B. Thomason, regarding changes made in the pension roll. The names of seventeen soldiers were added to the pension list, while the names of two pensioners were removed. A total of eighty-eight names were stricken from the roll. The names of thirty-three widows were added to the roll.

The list includes the following from Chattanooga and other places in this section of the state:

Soldiers—Added to the Roll.
Countess, Robert, Decherd.
Johnston, John N., Chattanooga.
Snoogras, W. G., Morristown.
Terrell, W. A., Chattanooga.
Toller, Joseph M., Chattanooga.
Trigg, G. S., Chattanooga.

Widows—Added to the Roll.
Bankston, Sarah J., Chattanooga.
Boulton, Louisa, Carthage.
Bowers, Mary (Polly), Chattanooga.
Copp, Kissele E., Chuckey.
Dean, Sue A., Bon Aqua.
Emmert, Annie, Bristol.
Ratliff, Martha E., Sneedville.
Wilhite, Rebecca, N. Copkeville.

Trustees Removed.
Shroat, Lizzie M., Big Sandy; trustee removed.

Widows stricken from the roll (dead)—First class, 1; second class, 42. Total, 43.

With these additions the roll now stands as follows:

Eight first class, \$75 per quarter, \$600; 2,753 second, third and fourth class, \$45 per quarter, \$169,155; total, \$170,155.

Three thousand, three hundred and ninety-one widows, \$30 per quarter, \$101,730.

Grand total, 7,158 soldiers and widows, \$271,885.

The appropriation is for \$225,000 per quarter, and it will be seen that this quarter is \$46,885 over the appropriation, but the board is reducing the roll in every case that does not come clearly under the law as to records and indigency and it hopes to come within the appropriation during the life of the present appropriation.

MODERN WARFARE REVOLUTIONIZED BY OPERATION OF GERMAN U-BOATS

Secretary Daniels Admits No Specific for Submarine, Which Has
Put Battleships on Shelf, Has Been
Found.

(By Gilson Gardner.)
Washington.—The most important and surprising thing in the world-war has been the submarine. It is the submarine rather than the airship that has revolutionized warfare.

The submarine has been a hundred-fold more destructive and a thousand-fold more far-reaching in its effect on future warfare.

This is contrary to the expectations of the world's dreamers and inventors. It was the navies of the air "grappling in the central blue" that Pennington saw as making war so terrible that the only answer would be a "parliament of man" and a "federation of the world."

The hands of Germany the submarine has destroyed in one year approximately 7,000,000 tons of shipping, reducing the world's total by nearly 4,000,000 tons.

The submarine has substituted actual destruction of world wealth, such as food and fabricated materials, for the older war practices of seizure and transfer of such wealth to other and new owners.

In the words of the secretary of the navy, "no specific has been discovered for the submarine." By this is meant no method has yet been discovered to meet directly the attack or to make a counter-attack on the submarine. Con-

voys, arming merchantmen, and the construction of new tonnage are merely palliatives. They treat the symptoms of a complaint whose origin is not removed.

The grand fleet, that is the navy of battleships, cruisers and dreadnoughts, has been driven to safe refuge behind barriers of mines. It remains mostly in harbor. It does not attack enemy harbors, cities or coasts protected by submarines.

The prophecy of Admiral Sir Percy Scott, of the British navy, that the submarine would put the battle fleets of modern times on the shelf has been fulfilled.

The United States has not been moved to stimulate production of submarines because there is no menace by German transports or battle fleets. If there were such menace the submarine in the hands of the United States would be an effective defense against it.

Our coast defended with submarines and mines would be as immune from invasion as the German ports are immune from attack by British naval ships or transports carrying British soldiers.

These changes in sea warfare open up a prospect of vastly changed international relationships. An island empire like great Britain is distinctly at a disadvantage.

KERENSKY REGARDED AS MOSES TO LEAD RUSSIA OUT OF WILDERNESS

Ivan Michailoff, Son of Cossack General, Sees in Future's Forecast Defeat and Probable Death of Trotsky and
Lenine.

(Special to The News.)
Knoxville, Feb. 14.—Kerensky will come back and save the day for Russia, while Trotsky and Lenine, the leaders in the bolshevik party, will go down to defeat and possibly death, is the firm conviction of Ivan Michailoff, son of Gen. Stanislaus Nicholas Michailoff, Cossack leader, who is in Knoxville. Ivan Michailoff has returned to America from Petrograd, where he located his mother and sister and brought them to this country.

"The Russian farmers and better class of workmen have no faith in Trotsky nor his party," said Mr. Michailoff. "It is the very small minority of socialist workers, I should say 3 per cent. of the entire population, who have faith in the bolshevik, which declared peace with Germany and ordered the demobilization of all Russian troops a few days ago."

"When I was in Petrograd six weeks ago it was a far different country than when I left two years ago before. There was no order, everything was demoralized, lawlessness was seen on every hand. The military or police were former soldiers; they were in the employ of the bolshevik and they would steal the clothes from the back of those who had good clothes to steal."

"The crux of the whole situation is that Germany has influenced Trotsky and Lenine to see only one way and that is the German way. When the bolshevik party began its offensive against Kerensky and his forces it was none other than German officers who headed the insurgent government's army. From my viewpoint it looks as though she has worked her cards for her own good."

"However, when the people in the northern and southeastern provinces realize what has happened, when they see that they have been delivered hand and foot over to Germany there will be a different story to tell. Kerensky will come out of the mountains where he is now in the hands of his staunch friends and lead a great army against the insurgent government, which will overthrow the bolshevik and place the thinking and decent people in power."

"Russian arms are being sold in

large quantities to Germany in return for gold, which is very scarce in Russia at the present day. Even uniforms are being taken off the soldiers of Russia and handed over to German soldiers. Russian money is almost valueless at the present time; before the war a ruble was worth 57 cents and it is worth but 7 cents now."

"Practically all the gold reserve is held by Riabushinsky, the noted banker in Russia, and the bolshevik is doing everything in its power to capture this man and obtain his supply of gold to replenish the fast fading treasury."

Speaking of the German soldiers on the Russian front, Michailoff says that most of them are boys not more than 18 years old. The real soldiers of Germany are on the western front, he states.

Gen. Michailoff, Ivan's father, has been in the Cossack service for forty-eight years.

ROAD OFFICIALS HOLDING CONFERENCE AT KNOXVILLE

(Special to The News.)

Knoxville, Feb. 14.—A two days' conference of numerous national, state and county road officials began Thursday at the University of Tennessee. J. T. Bullen, district engineer, Washington, D. C., was the chief speaker at the opening session. J. J. Murray and A. M. Nelson also participated.

CHATTANOOGANS VISIT NATION'S CAPITAL

(Special to The News.)

Washington, Feb. 14.—T. C. Thompson, ex-mayor of Chattanooga, was in Washington this week on business with the government.

Commissioner of Agriculture Bryson and Prof. C. A. Ketter, of the University of Tennessee, were here. Fred Cantrell, of Chattanooga, was also a capital visitor during the week of the president's last peace address.

NO ARRESTS IN LYNCHING CASE

Good People Realize Horror of
Crime Placed on Their
Community.

(Special to The News.)

Estill Springs, Feb. 14.—This unusually quiet little community has not recovered from the shock of the display of horrible barbarism by the mob which burned Jim McElherron, the negro murderer, at the stake Tuesday night, and it will be many a day before the blot is wiped out.

While there are no new developments and no effort has been made to bring the guilty parties to justice, the crime is still discussed in hushed whispers by the people, who seem now to realize the fearful crime laid upon their little home.

It is admitted that there could have been no possible doubt of the conviction of the negro McElherron for killing Pierce Rogers and Jesse Tigert, and the good people see now that there was no reason for the crime committed by the mob and makes the lynching all the more inexcusable, and no reason can be given why the majesty of the law should have been overthrown.

Several added details of the lynching add horror to the case.

The officers, if they were officers who arrested the negro, are culpable in that they played into the hands of the mob. The negro, after his capture, was taken to "Tulahoma" and kept there some time and the question is asked why his captors did not take him to Nashville instead of bringing him to Estill Springs, where they must have known the situation was inflamed and excited.

As the train bearing McElherron and the posse came into the station here, some one lit a torch and waved it and a pistol was fired. The posse and its prisoner left the train and speeches were then made by various citizens, urging the mob to be orderly in its movements, but no effort was made to suppress the plans for the lynching.

A speech was made by a sister of one of the men whom McElherron had killed last Friday, in which she stated that she could kill the negro because he had killed her own brother.

While McElherron was in the hands of the mob on the scene of Friday's killing other members of his race were marched through the streets. After this the negro population quickly disappeared.

The mob's activities were directed by about twenty masked men. The negro was burned about 8 o'clock, or about an hour after he was brought here. About half the crowd of 1,500 people who had gathered in the town followed the leaders to the scene of the burning.

No rewards for the lynchers have been offered and no effort by local authorities have been made to apprehend and bring them to justice.

The charred body of the negro was cut down Wednesday by his relatives and buried.

Frank Tigert, the third victim of McElherron's pistol, who was dangerously wounded, it is believed now will recover.

KNIGHTS OF COLUMBUS APPOINT JAMES K. HACKETT

Will Travel From Camp to
Camp Organizing Theatricals
Among Soldiers and Sailors.

Washington, Feb. 14.—James K. Hackett, actor-manager, yesterday was appointed general director of amusements of the Knights of Columbus committee on war activities.

Over his direction the dramatic talent of the men in the training camps and naval stations will be organized and plays will be produced in the recreation buildings which the Knights of Columbus are operating.

Mr. Hackett, who has volunteered his services for the duration of the war, without remuneration, will be assisted by several members of his executive and producing staff. He proposes to travel from camp to camp, forming companies, the nucleus of which will be professional actors in military service. His operations will begin at Camp Devens, Ayer, Mass., next Monday.

After his work is complete in the United States Mr. Hackett will go to France to assume personal direction of the work there in conjunction with other members of the Knights of Columbus committee on war activities who are helping to provide for the social, religious and recreational welfare of the American expeditionary forces.

ENEMY CONCENTRATION ON FRONT UNRELAXED

Grand Headquarters of the French Army in France, Feb. 13.—(By the Associated Press.)—German preparations for their announced offensive on the allied front have not brought with them any relaxation of German vigilance or efforts to meet any possible attack from the allies. New concentrations of German troops are gathering in the rear of their lines simultaneously while the hard work continues on front-line positions, where a most formidable system of defenses has been erected during the winter months.

Various authorities make widely different estimates of the number of German divisions which may eventually be brought in the line on this front, should the Germans decide to engage in battle on a large and a decisive scale. The exact total of the German forces in the front line and in the immediate reserve is known to a unit.

One hundred and twelve divisions occupy the German front line facing the French, British, American and Belgian troops, while their immediate reserves total sixty-three divisions. (On the basis of 12,000 men in a German division, this would be 2,100,000 troops.)

Possibly several additional divisions have reached various points behind the lines, but the fact has not been established with certainty. At any rate, it is agreed by authorities here that the greatest possible number of the Germans could add to their forces on this side does not exceed twenty divisions, which would bring the total to 195 divisions (2,340,000 men).

COAL OPERATORS REQUESTED TO ATTEND CONFERENCE

(Special to The News.)

Knoxville, Feb. 14.—Over 175 operators in southeastern Kentucky, Tennessee and Georgia have been requested to attend the conference Saturday afternoon at the board of commerce here. They will confer with state fuel administrators from Tennessee, Kentucky, Georgia, North Carolina and Alabama.

For
Coughs
And
Colds

**Cure
them
Vino!**

A CONSTITUTIONAL REMEDY

That Removes the Cause

You Take Cold when you are run down, over-tired—when your blood gets thin and circulation is impaired. At such times coughs and colds get in their destructive work, and just so long as you remain in this debilitated condition, just so long will the cold hang on.

You Cure a Cold by building up your general health. If your blood is good and you sleep well and eat well you will be strong and vigorous. No cold can live in your system if you are well and strong.

The Cod Liver Extractives, Iron, Beef Peptones and Glycerophosphates contained in VINO make it the best body builder and strength creator money can buy. That is why it removes the cause of coughs and colds.

YOUR MONEY WILL BE RETURNED if VINO fails to benefit you.

"Meet Your Appetite at Our Tables"

CHATTANOOGA, TENN.

J. BAYLIS RECTOR, Manager

WHERE SERVICE COUNTS

Calomel Loses You a Day's Work!

Take Dodson's Liver Tone Instead

Read my guarantee! If bilious, constipated or head-
achy you need not take nasty, sickening, danger-
ous calomel to get straightened up.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle doesn't cost very much, but if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Submarine Destroyers

Our destroyers and scout ships are waiting for the sudden attack of the deadly torpedo—the watch on the Atlantic is on the lookout for the first indication of hidden danger—it's a fight for life. For those leading a quiet life at home it is often the unexpected that happens. It may be that we are mysteriously attacked by pain in our back or limbs, lumbago, "neuralgic" pains—shooting anywhere. Backache of any kind is often caused by kidney disorders, which means that the kidneys are not working properly. Poisonous matter and uric acid accumulate within the body in great abundance, overworking the sick kidneys; hence the congestion of blood causes backache in the same manner as a similar congestion in the head causes headache. Perhaps you become nervous, despondent, sick, feverish, irritable, have spots appearing before the eyes, bags under the lids, and lack of ambition to do things. The latest and most effective means of overcoming such trouble, is to eat sparingly of meat, drink plenty of water between meals, and take a single An-Uric Tablet before each meal for a while, or until recovered.

Simply ask your favorite druggist for Anuric Tablets (double strength). If you have lumbago, rheumatism, gout, dropsy, begin immediately with this newest discovery of Dr. Pierce, who is Chief Medical Director of Surgical Institute in Buffalo, N. Y. Send 10c for trial pkg. All druggists sell large package for sixty cents.

Dr. Pierce's Pellets regulate and invigorate stomach, liver and bowels. Compound of May-apple, aloes and jalap. Keep the body clean inside as well as outside.

with one egg without butter — MUFFINS

Here is a way to make light, delicious muffins without using expensive butter:

Instead of the usual lump of butter which you melt and stir into your muffins, melt a small lump of wholesome Cottolene—one-third less than you would use of butter.

Use the recipe given below and see how these light

Cottolene muffins rise—to any occasion. Just take:

- 1½ tablespoons melted Cottolene
- 1 tablespoon sugar
- 1½ cups milk
- 1 egg
- 3 cups sifted flour
- 3 teaspoons baking powder
- 1 scant teaspoon salt

Now of course this recipe saves you housekeeping money. But what you want to know most is this:

Will Cottolene give your muffins the flavor that real muffins ought to have!

It will. Just try one batch of muffins with wholesome Cottolene and see!

You may be surprised at the small quantity of Cottolene in the recipe. But don't be. You should always use one-third less of Cottolene than you ordinarily use of butter or other shortenings. Not alone for muffins but for flaky biscuits and perfectly delicious cakes and pies, as well.

Cottolene
The Natural Shortening

Yes! Economical Cottolene is also superior for all frying and for all cake-making

At grocers in tins of convenient sizes
